

CURRICULUM VITAE

NAME: NIKOS S.MARGARIS
BORN: 1943, Volos, Greece
POSITION: Professor of Ecosystems Management, University of the Aegean
ADDRESS: Karantoni 17, (Hotel "XENIA") Mytilini 81100, Greece –
Voulgaroktonou 30, 11472 Athens - Greece
Tel: 2251036212, 2106492215
Telefax: 2106492299/2251036263
e-mail: nmar@env.aegean.gr

POSITIONS HELD IN THE PAST

1973-1978 : University of Athens, Reader Botany.
1978-1987 : University of Thessaloniki, Professor and Director of Ecology Division.

OTHER POSTS / COMMITTEES / AWARDS:

1976-1992 : Greek National Committee of UNESCO/Mand and Biosphere (General Secretary).
1976-1981 : Mediterranean Group for Applied Plant Physiology (Acting Secretary and Editor of the Newsletter).
1983-1985 : Advisor to the Minister of Youth on Ecological and Developmental initiatives of Youth.
1984-1997 : University of the Aegean (Governors Board).
1992-1996 : Chairman, Department of Environmental Sciences University of the Aegean
1992 - present : Scientific Advisory Committee, INSULA., International Journal on Island Affairs UNESCO / Paris
1993-1996 : Chairman, International Scientific Council for Island Development (INSULA)-UNESCO/Paris
1987-1999 : Vice President of the Research Committee of the University of the Aegean.
1993 - present : Fellow, Royal Geographical Society U.K.
1994 : "Global 500" award, United Nations.
1996 : Gold Cross of the Dodecanese Church.
1997 - present : Advisory Board, ECOLOGIA MEDITERRANEA, International Journal of Mediterranean Ecology (Marseille, FRANCE)
INSULA, International Journal for Island Development.
1999-present : Director of National Geographic – Greek Edition.
Director of National Geographic – Traveller. / Greek Edition.

MAJOR INTERESTS

Mediterranean-type ecosystems management with (recent years) emphasis on the relation between the primary sector and the environment.

He published more than 100 scientific papers and books in the International Bibliography mainly on subjects dealing with the structure, function and management of terrestrial Mediterranean Type Ecosystems.

In parallel with his academic duties he is wellknown columnist in Greece in Environmental Matters. With permanent columns, personal nation wide TV programs etc.
